Connecting You to Your Market

Consumers have become budget conscious and brand-name product purchases are rapidly being replaced with private labels. We view our primary role as problem solvers. As product developers and packaging experts, we are very adept at listening to our customers, analyzing their needs, and designing creative solutions to their product and packaging challenges and opportunities.

We can help you develop a successful private label or position your existing product line to be a leader in today's ever changing marketplace.

Our Specialty

Our core business is mixing and filling oil and water based liquids, waxes, pastes, powders, and slurries. We offer over 1,600 base formulations and specialize in short runs, fast delivery, and competitive pricing. With services ranging from packaging design to fulfillment, we are your best choice for a one stop outsource partner.

Flexibility

We excel at our ability to adjust to customer needs. Our facility is equipped to fill any container from a 1.5 fl. oz. bottle to 330gal totes. Our equipment is easy to change over— providing flexibility, short run capabilities, and a fast turn around.

Expertise

When it comes to getting a product into the hands of your customers, our knowledge and resources are invaluable. We are experts at developing custom and innovative packaging solutions that can reduce costs, add efficiencies, and more to your product line.

The Complete Package

Plesh Contract Packaging has the know how and facilities to create all aspects of your brand, such as in house development, manufacturing, and packaging.
